September/Week 1 - September/Week 3																																																
Human Body: An Orientation																																																
September/Week 4 - October/Week 6																																																
Basic Chemistry																																																
October/Week 7 - November/Week 9																																																
Cells and Tissues																																																
November/Week 10 - November/Week 12																																																
Skin and Body Membranes																																																
December/Week 13 - December/Week 16																																																
The Skeletal System																																																
December/Week 17 - January/Week 20																																																
The Muscular System																																																
January/Week 21 - February/Week 23																																																
Digestive System and Metabolism																																																
February/Week 24 - March/Week 26																																																
The Nervous System																																																
March/Week 27 - March/Week 29																																																
The Nervous System																																																
April/Week 30 - April/Week 31																																																
The Endocrine System																																																
April/Week 32 - April/Week 33																																																
Blood and the Cardiovascular System																																																
April/Week 34 - May/Week 36																																																
Cat Dissection/The Lymphatic System																																																
May/Week 37 - May/Week 38																																																
The Respiratory System																																																
June/Week 39 - June/Week 40																																																

Title : Anatomy and Physiology
Type : Essential

The Urinary System	
June/Week 41 - June/Week 42	
The Reproductive System
