

Title : Pre-Calculus

Type : Essential

	September				October				November				December				January				February				March				April				May				June							
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38	39	40	41	42		
September/Week 1 - September/Week 4																																												
Transforming Relations and Data																																												
October/Week 5 - October/Week 8																																												
Circular Functions																																												
November/Week 9 - November/Week 12																																												
Trigonometric Functions																																												
December/Week 13 - December/Week 16																																												
Power Functions																																												
December/Week 17 - January/Week 20																																												
Probability																																												
January/Week 21 - February/Week 24																																												
Series and Sequences																																												
February/Week 25 - March/Week 28																																												
Polynomial Functions																																												
March/Week 29 - April/Week 32																																												
Advanced Trigonometry Through Matrices																																												
April/Week 33 - May/Week 36																																												
Advanced Quadratics																																												
May/Week 37 - June/Week 40																																												
Further Work With Trigonometry
