September/Week 1 - September/Week 2	[Shaded]																																									
<b>Scientific Inquiry: Research Sources</b>																																										
September/Week 3 - November/Week 10	[Shaded]																																									
<b>Cellular Biology</b>																																										
November/Week 11 - December/Week 13	[Shaded]																																									
<b>Microorganisms/Microbiology</b>																																										
December/Week 14 - December/Week 16	[Shaded]																																									
<b>Genetics and Biotechnology</b>																																										
December/Week 17 - January/Week 19	[Shaded]																																									
<b>Population Ecology</b>																																										
January/Week 20 - February/Week 23	[Shaded]																																									
<b>Genetic Variability</b>																																										
February/Week 24 - March/Week 26	[Shaded]																																									
<b>Evolution</b>																																										
March/Week 27 - April/Week 32	[Shaded]																																									
<b>Ecology</b>																																										
April/Week 33 - June/Week 40	[Shaded]																																									
<b>Human Anatomy and Physiology</b>
